## Attestation

**License holder:** **3S Solar Plus AG**  
Schorenstrasse 39, CH-3645 Gwatt (Thun), Switzerland

**Production site(s):** 3S Solar Plus AG  
Schorenstrasse 39, CH-3645 Gwatt (Thun), Switzerland

**Product:** Photovoltaic (PV) module

**Sample tested:** MegaSlate® II 7S15 6DL 175  
Number of cells: 40  
Cell size: 156,75x156,75 (mm)  
Cell technology: Mono-Si  
Module size (W x L x H) = 1300x875x6,5 (mm)  
Rated power = 175 W  
Frontsheet = Glass (ESG) Digital Ceramic Printed (Position 2) inner side - S15 Gneiss Grey - Thickness = 5 mm

The product MegaSlate® II 7S15 6DL 175 has been tested according to IEC 61215 and IEC 61730. A photovoltaic module produced with a different frontsheet color compared to the tested one (S15 - Gneiss Grey) can be considered from quality and safety point of view equivalent to the tested model. However, the different color could affect the rated output power of the PV module. The rated power output of the PV model type with different color of frontsheet has not been verified by the Kiwa testing laboratory. Frontsheet colors list in the annex.
